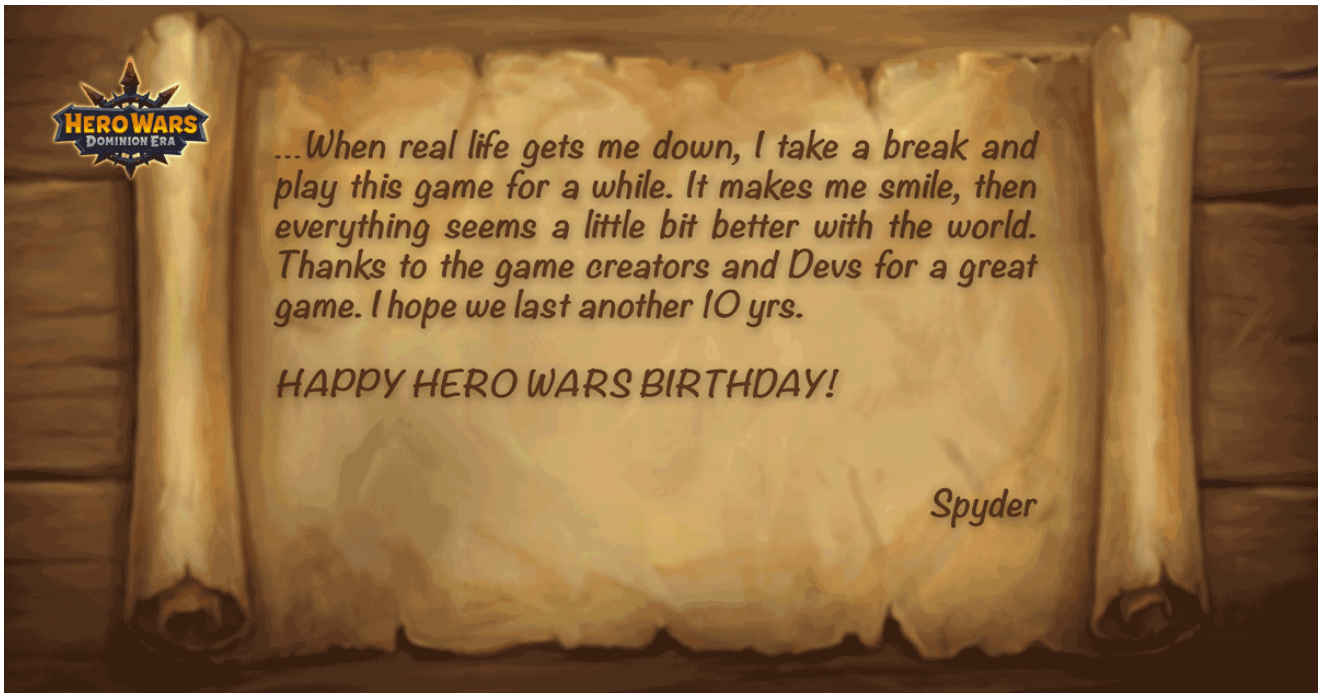
Voices of Dominion!

🎉 Thank you to everyone who shared their story. It truly means a lot to see what place Hero Wars holds in your lives. Over these 10 years, we have grown and evolved together with you, and it is you who make Dominion what it is today.

We received many heartfelt stories, and each one meant something to us. While we can’t feature them all, we would like to share a few that reflect the spirit and connection we see in our community.



HERO WARS
DOMINION ERA
...When real life gets me down, I take a break and play this game for a while. It makes me smile, then everything seems a little bit better with the world. Thanks to the game creators and Devs for a great game. I hope we last another 10 yrs.
HAPPY HERO WARS BIRTHDAY!
